

# Adult Education

## GED Testing

GPTC GED® Testing is currently open on the DeKalb Campus located in Clarkston and is scheduling all exams by appointment only due to COVID-19. [Learn More](#)

## HiSET Testing

### COVID-19 Testing Requirements in Georgia

The following form **is required** each time you enter a testing center during the COVID-19 pandemic. There are form options available in English and in Spanish. Students 16 and 17 years of age are considered under-age and must have the consent of a parent or guardian to test. Parents and guardians should complete the form on behalf of the under-age student and sign on the designated line provided.

### How can I take the HiSET exam during the Covid-19 pandemic?

To meet the needs of test takers who can't test at a test center because of public health concerns, ETS is offering the *HiSET@Home* option. With the *HiSET@Home* option, you can take any of the five subtests that make up the *HiSET* exam on your own computer at home or in another secure location. Each subtest delivered at home has the same content, format and on-screen experience as the test you would take at a test center. Your at-home appointment will be monitored by a human proctor online through ProctorU®. Currently, at-home appointments are available 15 hours a day, seven days a week. For more information on the *HiSET@Home*, [click here](#). The fee for each subject area test is \$36.25 with two retests within 12 months at \$25.50

each. To view the differences between the HiSET® Computer Based Testing (CBT) and HiSET Exam at Home, [click here](#).

### **Convenient Campus Locations**

Georgia Piedmont Tech offers high school equivalency test prep courses at all campus locations. View the list below to find the one closer to you. **Be mindful that days, times and locations of class offerings may vary and change in response to the COVID-19 pandemic.**
